

Written directions are:

TRAVELING EASTBOUND: The Innovation Center is just past the Edgell Road overpass if you're coming from the West. Take that exit and proceed straight through the lights on to the on-ramp. Stay to the right and then turn right onto Granite Street. Immediately turn right into the Innovation Center parking lot.

TRAVELING WESTBOUND: The Innovation Center can be reached by taking the Rt. 30 West Framingham/Southborough exit to Edgell Road. Make a U-turn over Rt. 9 at the lights to get onto the Eastbound ramp. Stay right and turn right onto Granite St, then turn right into the parking lot.

The 3 story brick building has Framingham State University signage on the façade.

As an alternative, you can Google 6 Granite Street for directions. That will put you right next door to our building.

NOTE: There's a new IHOP on the opposite side of Rt. 9 just for bearings.
